

Drone Operation Guidelines – Komodo National Park

Komodo National Park is a UNESCO World Heritage Site, home to fragile ecosystems and endangered species such as the famous Komodo dragon. To protect wildlife, ensure visitor safety, and preserve the tranquillity of this unique environment, drone use is **strictly regulated** under Indonesian conservation laws.

If you wish to fly a drone inside the park, there are **two mandatory requirements**:

1. SIMAKSI Permit

A SIMAKSI (*Surat Izin Masuk Kawasan Konservasi*) is the official entry permit required to carry out any activity in a conservation or national park area in Indonesia. This includes drone usage in Komodo National Park.

The SIMAKSI ensures that your drone operations are environmentally responsible and do not disturb wildlife or local communities. Without a valid SIMAKSI, drone flying is **not permitted** in the park.

2. Drone Operation Ticket (Daily Fee)

Once your SIMAKSI is approved, you must purchase a daily **Drone Operation Ticket** through the park's official system. This fee contributes directly to the management and protection of Komodo National Park.

- **Core Tourism Zones:** IDR 2,100,000 per day, per drone (approx. USD 125)
- **Non-Core Zones:** A SIMAKSI is still required, but no additional drone ticket fee may apply.

 Fees are **per drone, per day**, regardless of how long you fly. No partial-day rates are available.

How to Apply for a SIMAKSI

You must apply **at least 7 days before your visit** to allow processing time (2–5 working days).

Required Documents:

- **Permit Request Letter (Surat Permohonan)**
- **Identification** (Passport for foreigners / KTP for Indonesian citizens)
- **Drone Pilot License**
- **Declaration Letter (Surat Pernyataan)**

Application Process:

1. Visit the official Komodo National Park application portal:
<https://www.siora.id/Service/Simaksi>
2. Enter a valid email address (check spam for the verification code).
3. Select **Ijin Khusus (Videografi/Drone)** from the permit list.
4. Fill in the SIMAKSI application form with your details and activity plan.
5. Upload the required documents.

6. Wait for processing (approx. 3 working days).
7. Once approved, you will receive your SIMAKSI document by email.

How to Purchase a Drone Operation Ticket

After your SIMAKSI is approved:

1. **Download the SIORA app** from the App Store, Google Play, or the official website <https://siora.id/>.
2. Register with your email or phone number and verify via OTP.
3. Start a new reservation:
 - Choose **Komodo National Park** as your destination.
 - Enter visit dates, number of days, and your nationality.
 - Select **Drone Operation** under activities.
 - Provide your boat information.
4. Upload supporting documents:
 - SIMAKSI PDF
 - Passport scan
 - Drone registration/spec sheet
 - Compliance letter (agreement to follow park rules)
5. Confirm the booking, review the costs (IDR 2,100,000 × number of days).
6. Pay via bank transfer or e-wallet (Virtual Account generated by the app).
7. Download your Drone Ticket (PDF with QR code) and keep it with you.

Approved & Restricted Zones

Permitted Core Zones (with paid ticket)

- **Padar Island** (sunrise panoramas)
- **Pink Beach** (coastal flyovers only)
- **Gili Lawa Darat** (rolling hills and coastline)
- **Taka Makassar** (sandbar and reefs)
- **Manta Point** (marine life, with caution)

Drone-Prohibited Areas

- **Kalong Island** – critical fruit bat (flying fox) habitat.
- **Rinca Island (Loh Buaya)** – Komodo dragon conservation zone.
- **Komodo Island (Loh Liang)** – key habitat for Komodo dragons.
- **Other Core Conservation Zones** – including turtle nesting beaches, bird nesting sites, and pristine reefs.

When in doubt, always check with a park ranger or guide before flying.

Flight Rules

- Maximum drone weight: **7 kg**
- Maximum altitude: **150 m**
- Maintain visual line of sight at all times.
- No flying at night or from moving boats/vehicles.
- Avoid flying directly above people, animals, or ranger stations.

Penalties

Failure to comply may result in:

- **Confiscation** of equipment
- **Fines** or legal penalties
- **Removal** from the park

Final Recommendations

- Apply well in advance – last-minute approvals are unlikely.
- Respect restricted areas – they protect sensitive wildlife.
- Always carry printed or digital copies of your SIMAKSI, drone ticket, license, and registration.
- Review park briefings and updated maps before flying.

By following these rules, you can capture incredible aerial footage while helping to preserve Komodo National Park for future generations.
