

WELCOME TO TOFO SCUBA'S DIVEMASTER PROGRAM

Mozambique is a fantastic place to do your Divemaster Internship! The area is well known for its impressive diversity of marine life, you will get to learn about Giant Mantas, Whalesharks and between June and November, Humpback Whales, as well different species of sharks and a huge diversity of reef fish and macrolife. The diving here can be challenging with regards to current and visibility and this is why Mozambique is highly regarded in the diving community and will put you at the top of the pile with future employers.

Apart from the excellent diving, you will work closely with our instructors, assisting with student divers and developing your leadership abilities and you will start to understand the 'behind the scenes' business of diving. You will be treated as a normal staff member and work 6 days a week from 6.30am to 5pm, you will be put on the boat as much as we can, in exchange for your work you will only be charged the cost price of the courses you need to complete.

The beauty of the Tofo Scuba Divemaster Internship is that it does not matter what level you are when you arrive. You will get certified up to Rescue Diver (if you are not already) and you will also get your dives up to a minimum of 40 dives, which you will need to start the Divemaster course; and you will have 60 dives by the time you've finished the course.

Accommodation:

We have a big 'Divemaster House' where up to 5 DMT's (Divemaster Trainees) can stay at any one time (with your own room). For more information, please see the PDF called Divemaster House.

If you would like to do the divemaster course instead of an internship please let us know and we can make a customized package for you

What you need to bring:

Please note there are no dive equipment shops in Mozambique, therefore we ask that you bring the following ESSENTIAL items with you...

Divemaster course materials – must bring, we do not have access to them here.
 Wetsuit (5mm)
 Fins / mask / snorkel
 Dive computer
 DSMB (deployable from 15m) and reel
 Slate
 Rash vest / guard
 Hood (if coming between May and November)
 Tank banger / shaker
 Stainless steel karabiner

You can use our BCD's and regulators for the duration of your course free of charge.

Please 'like' our Facebook page <https://facebook.com/TofoScuba> to get daily updates and to see what we're up to.

Feel free to contact us with any questions you may have and we look forward to meeting you!
